FORM OF PATIENT NOTICE

## Notice to Patients Regarding A2CL Laboratory Services

Your provider has arranged for laboratory services to be provided by A<sup>2</sup>CL Services, LLC which is owned by Advocate Aurora Health, Inc. (“AAH”). Therefore, your lab results will be maintained in AAH’s electronic health record (EHR), EPIC. A copy of your lab results will also be sent to your Provider. In addition, your lab results will be available in your AAH patient portal (MyAdvocateAurora).

For information on how AAH will protect and may use and disclose your patient health information, such as your lab results, please see AAH’s Notice of Privacy Practices. The Notice of Privacy Practices is located on the [advocateaurorahealth.org](http://advocateaurorahealth.org) website. You can also contact us at 1-888-847-6331 to obtain a copy of our Notice of Privacy Practices.

Federal and State laws allow health care providers to disclose most patient health information to other hospitals, physicians, and health care providers for treatment purposes. One method of sharing this information is electronically through Care Everywhere, a health information exchange, which is available to health care providers who use the same EHR system as AAH (EPIC). Patient health information from AAH’s EHR is automatically included in Care Everywhere unless you request in writing for it to be excluded. For more information on how to opt-out of Care Everywhere or for other privacy related questions, contact AAH’s Compliance Hotline at 1-888-847-6331 or online at [advocateaurorahealth.ethicspoint.com](http://advocateaurorahealth.ethicspoint.com).
