EFFECTIVE JANUARY 2, 2023

Patients scheduled for a procedure or a MOHS surgery will be required to make a prepayment of up to \$500 if the patient's deductible has not been met for the date of service. This payment can be made prior to the date of the surgery/procedure by calling in with a credit card payment or mailing in a check. Payment must be received in order for the procedure to be performed.

This prepay will only apply to those patients who have high deductible, commercial plans. Those with Medicare, Medicaid, or VA funding will not be required to make any prepay.

Please make sure that the office is provided with the most current insurance information. Please update with any insurance changes as soon as possible in order to ensure the most accurate benefit verification.

If there are any questions or concerns in regards to prepayments or benefit information please contact our office.

Thank You,
